## ***Why a PTA matters***

A successful and supportive PTA contributes to improving the educational experience and future opportunities for all our children.

Watch our 'Why a PTA Matters' webinar to gain greater insight.

## ***What difference does a PTA Make?***

Our PTA members in England, Wales and Northern Ireland contribute up to £121 million to the education of our children and young people. **That's right - £121million each year.**

## ***Impact***

Our experience of working with over 12,500 PTAs has demonstrated that a PTA's impact shouldn't only be defined in terms of fundraising success. A PTA's value is significantly more than this!

PTAs can vastly improve the life of a school community, and positively impact the education experience by developing effective relationships between parents and the wider community.

Every school deserves a PTA, and there has never been a more urgent time for parents to come together for the benefit of their children and the school. And guess what, we can help you get started so that your school and students don't have to miss out.

Whatever your educational setting, we have the experience, insights and resources to make sure your PTA is a roaring success.
